

National Info Day of the Clean Hydrogen Partnership

Teresa Ramalho

06.04.2022

**Our
commitment
with
hydrogen**

- ✓ Provide decarbonization solutions for the **industrial** and **transport** sectors in Portugal
- ✓ Develop **renewable H2** projects for industrial customers
- ✓ Promote the development of a **HRS** (hydrogen refuelling stations) **network**
- ✓ Establish strong **business partnerships** along the **renewable hydrogen** value chain

Our focus - GoNeutral™

Execution of **power-to-industry** projects:

- Incorporate green hydrogen in the production process of different industrial units
- Use oxygen from the electrolyser to reduce fossil fuel consumption and carbon dioxide emissions
- Install and operate hydrogen power plants

GoNeutral™

Our focus - GoNeutral™

Promote the development of **hydrogen refuelling stations** for heavy-duty vehicles:

- Provide green hydrogen for refuelling stations
- Support the execution of pilot projects using heavy-duty vehicles powered by green hydrogen

**Let's build our
GoNeutral
Renewable Hydrogen
company**

Thank you!
