

# European Infoday – BORDER EXTERNAL SECURITY

April, 19<sup>th</sup>, 2016, 9:30-17:30

Auditório 1, Novo edifício-sede da Polícia Judiciária, R. Gomes Freire, 1169-007 Lisboa

The Portuguese NCP for Secure Societies and the Security Research NCP Network (SEREN3), with the support of the European Commission are pleased to invite you to the Infoday Event dedicated to the Border External Security topics of the Secure Societies 2016 Call of H2020:

**SEC-14-BES-2016 "Towards reducing the cost of technologies in land border security applications"**

**SEC-19-BES-2016 "Data fusion for maritime security applications"**

**SEC-20-BES-2016 "Border Security: autonomous systems and control systems"**

This event is dedicated to practitioners, in particular those from Border Law Enforcement Authorities, experts and researchers from industry, research centres and universities interested in the development and uptake of security research and innovation. They all will have the opportunity to meet with other R&D and Security professionals and share needs and innovative ideas with the aim of identifying partners for future European R&D cooperation.

In this event there will be a first presentation of the Defence Research-Preparatory Action (DR-PA), with topics recently launched by the European Commission.
