

Marie Skłodowska-Curie actions

Oportunidades, desafios e perspetivas de Financiamento no H2020

11 de Julho 2016, IPL

Marie Skłodowska-Curie Actions for every step of your career

Considering a doctoral degree?

Experienced researcher looking for international experience to boost your career?

Looking for partnerships between academic and non-academic organisations or staff exchanges?

Keen on outreach activities?

Marie Skłodowska-Curie actions

Included in pillar I of H2020:

Excellent Science

Designed to support the researcher's career

Based on Mobility, cross-border *and* cross-sector

- Opportunities **to work and train** with the best researchers in Europe and worldwide
- Exchanges between academia/industry (*staff exchange*)

Respect the Charter & Code - European Charter for Researchers & Code of Conduct for the Recruitment of Researchers (key documents for HR in research)

In the framework of **Responsible Research and Innovation**

Marie Skłodowska-Curie actions

Aim: develop new knowledge / enhance skills of people behind research and innovation (training)

Operate in a 'bottom-up' basis , covering all scientific domains

Level of involvement is proportional to the participant's needs

Strong accent on participation of industry, SMEs and non-academia overall

Totally aligned with the objectives of H2020

- responding to the economic crisis to invest in jobs and growth
- addressing people's concerns about their livelihoods, safety and environment
- strengthening the EU's global position in research, innovation and technology

Marie Skłodowska-Curie actions fund

1) Organisational costs

Research, networking and training costs

Management and indirect costs

2) Costs of researchers and seconded staff

Living allowance or Top-up allowance

Mobility allowance

Family allowance

- ✓ 100% in ITN, IF and RISE
- ✓ 50% in Co-funding for doctoral and fellowship programmes

Which MSCA is made for you?

Post-doctoral Fellowships

Staff Exchange (managerial, technical)

IF

Individual Fellowships

RISE

Research and Innovation
Staff Exchange

Doctoral degrees

ITN

Innovative Training Networks

COFUND

Also for post-doctoral programmes

Who do you want to host/recruit?

Early-stage Researchers (ESR)

Less than four years of research experience and No doctoral degree

ITN

RISE

COFUND

Experienced Researchers (ER)

At least four years of research experience and / or A doctoral degree

IF

RISE

COFUND

Choose your level of involvement

Start getting involved

- ✓ Host secondments
- ✓ Provide specific training modules

Focus on core business & short- to medium-term research agenda

- ✓ Recruit one or more researchers during their entire fellowship
- ✓ Build around a common research project
- ✓ Get co-funding for your doctoral or fellowship programme

Develop medium- to long-term collaborations around a common strategy

- ✓ Gain and transfer knowledge/expertise through staff exchange
- ✓ Take part in shaping the training of researchers you would like to hire
- ✓ Develop a European Industrial Doctorate with academic partner(s) from another country

ITN – Innovative Training Networks

TOPICS: European Training Networks
European Industrial Doctorates
European Joint Doctorates

Who applies?

Consortiums of host institutions (check eligibility according to topic); SMEs and other non-academic institutions all welcome

Who is hired/seconded?

Early-stage researchers (Ph.D. students) are hired

How does it work?

Successful proposals from a network receive funding for up to 4 years to cover researcher allowances, as well as the cost of research, training and networking activities.

Innovative Training Networks (ITN)

- ✓ **Raise excellence and structure research and doctoral training**
- ✓ Train a new generation of **creative, entrepreneurial and innovative early-stage researchers**
- ✓ Trigger **cooperation and exchange of best practice** among participants
- ✓ **Enhance researchers' employability** and provide them with new career perspectives
- ✓ **Triple 'i' dimension** of mobility and particular **focus on innovation skills**
- ✓ **Budget: € 370 Million** in 2015 (EID: 25 Mio, EJD 28 Mio)

**European
Industrial
Doctorates (EID)**

**European
Training
Networks (ETN)**

**European
Joint
Doctorates (EJD)**

Innovative Training Networks (ITN)

Country 1

Non-academic

European
Industrial
Doctorates (EID)

Inter-sectoral partnerships for doctoral training

Minimum **2** partners from **2** MS or AC and from **differing** sectors

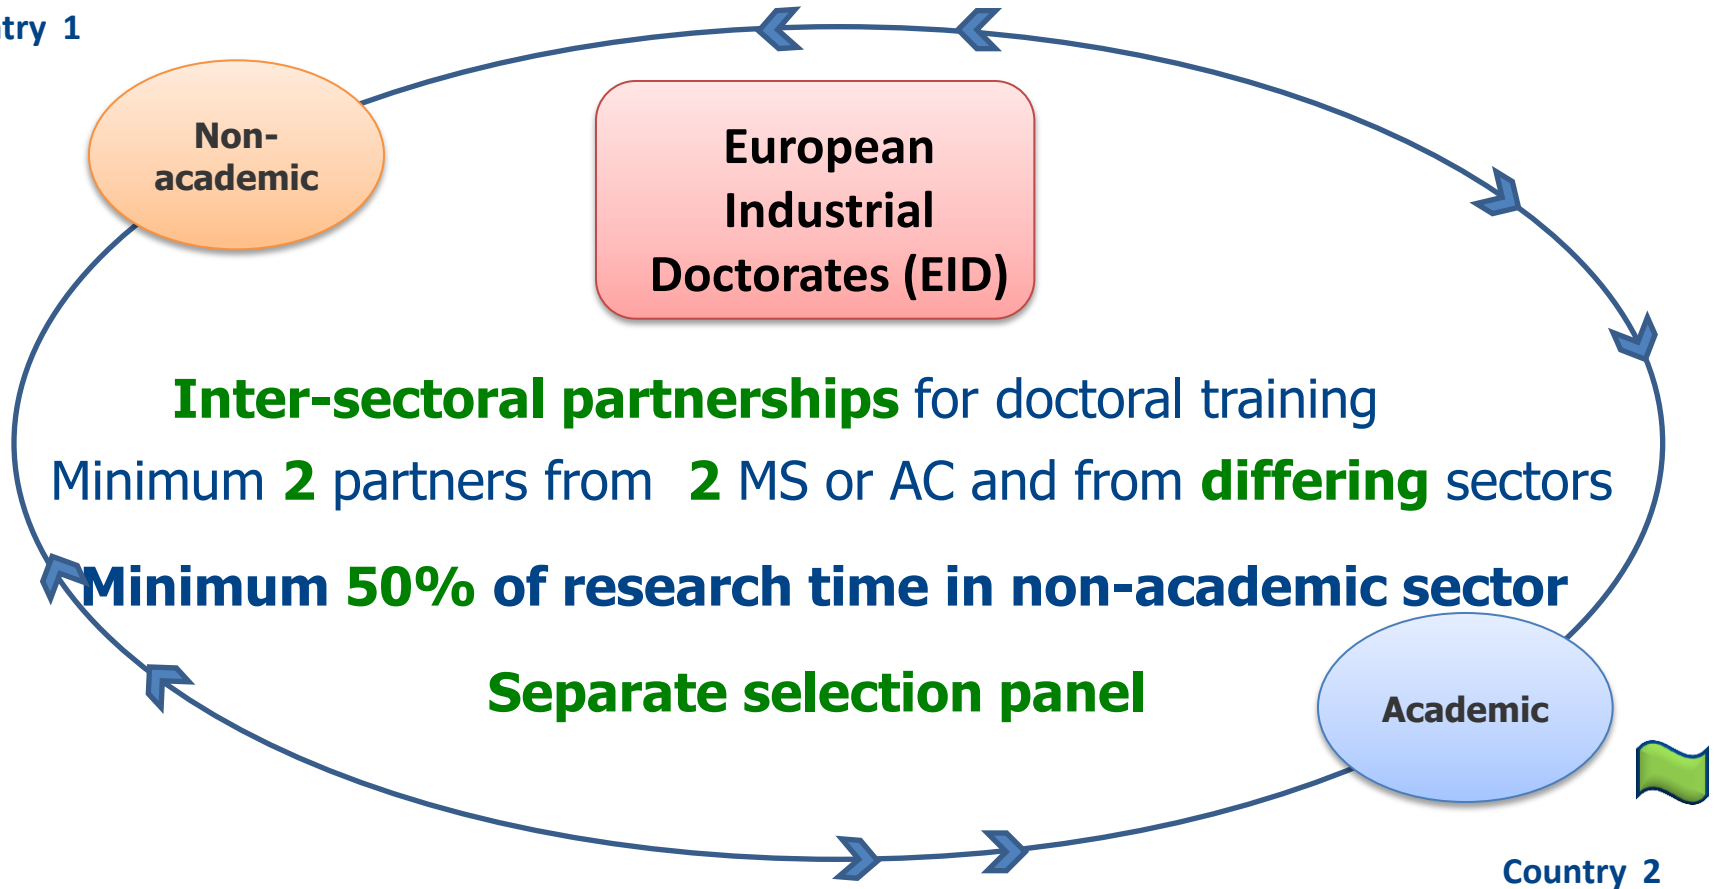

Minimum 50% of research time in non-academic sector

Separate selection panel

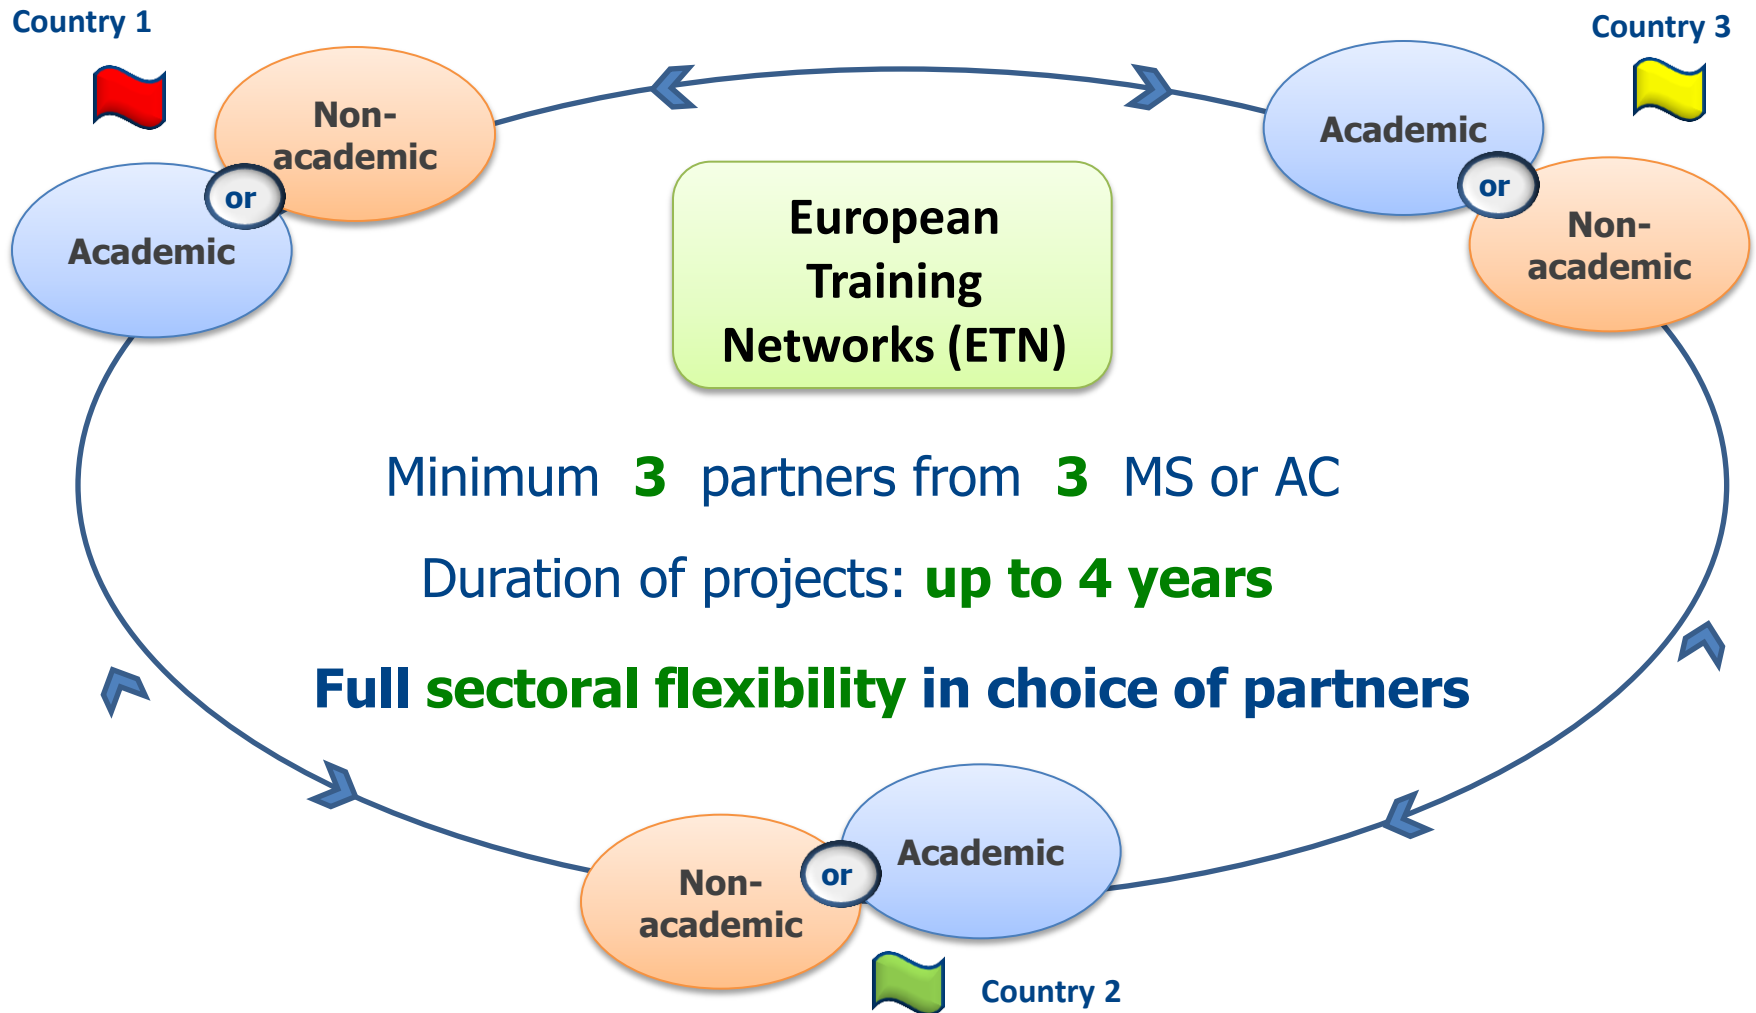

Academic

Country 2

Innovative Training Networks (ITN)

ITN – Financial Dimension

ITN

Innovative Training Networks

Unit costs expressed in person-months

Research, networking, training costs	1800 €
Management and indirect costs	1200 €

Living allowance*	3110 ^{\$} €
Mobility allowance	600 ^{\$} €
Family allowance	500 ^{\$} €

- The living allowance base rate is multiplied by Country Correction Coefficient

§ Amount quoted is gross amount before deductions

Individual Fellowships

Who applies?

One experienced researcher together with a host institution (of any sector, companies included)

Who is hired/seconded?

An experienced researcher is hired

How does it work?

Proposal submitted by researcher in liaison with host. Successful proposals receive up to 2 years' support (additional 1-year return phase in Global fellowships).

Individual Fellowships (IF)

- ✓ provide opportunities to **acquire new knowledge, work on research projects in a European context or outside Europe**
- ✓ catalyse significant **development in their careers** in both sectors
- ✓ **strengthen the network** of the researcher and the host organisation
- ✓ **Budget: € 218 Million** in 2016 (**Society and enterprise panel** of the European Fellowships MSCA-IF-EF-SE : **10 Mio**)

Make your expression of interest for receiving an IF!

IF – Financial Dimension

IF

Individual Fellowships

Unit costs expressed in person-months

Research, networking, training costs	800 €
Management and indirect costs	650 €

Living allowance*	4650 [§] €
Mobility allowance	600 [§] €
Family allowance	500 [§] €

- The living allowance base rate is multiplied by Country Correction Coefficient

§ Amount quoted is gross amount before deductions

COFUND

Who applies?

Funding agency

Who is hired/seconded?

Ph.D. students (doctoral programs)
or post-docs (postdoctoral programmes) are hired

How does it work?

Successful proposals from organisations that fund or manage a doctoral or a fellowship programme receive a fixed amount for each supported researcher as a contribution to the total costs.

NIGHT – European Researcher's Night

COFUND

- ✓ by **co-funding** new or existing regional, national, and international programmes
- ✓ Promote **international, intersectoral and interdisciplinary research training**, as well as transnational and cross-sector **mobility** of researchers at all stages of their career
- ✓ Mono-beneficiary: **organisation funding or managing doctoral or post-doctoral programmes**
- ✓ **Budget: € 80 Million** in 2015 (Doctoral Programmes: 30 Mio)

ESR

ER

COFUND

COFUND – Financial Dimension

Unit costs expressed in person-months
(co-funding rate of 50%)

Management costs	650* €	Living allowance <i>Early-stage researchers</i>	3710* €
		Living allowance <i>Experienced researchers</i>	5250* €

- co-funding rate of 50%

COFUND

COFUND

MSCA COFUND combined funding:

Option 1:
Applicant
applies for
ESIF infra-
Structures/
Equipment
BEFORE
H2020 MSCA

Application for MSCA
under H2020

Option 2:
Applicant applies at the same
time for ESIF as for H2020

Eligible costs under H2020 MSCA are limited to part-management of funds and contribution to researchers' subsistence costs (unit costs). Applicants can therefore apply for non-eligible costs such as infrastructure/large equipment under ESIF (ERDF) or for training events, networking under ESF.

RISE – Research and Innovation Staff Exchange

Who applies?

Consortiums of host institutions with a minimum of 3 entities (check eligibility); 3rd countries, SMEs and other non-academic institutions all welcome

Who is hired/seconded?

Secondments of research, managerial or technical “staff”

How does it work?

A joint research and innovation project implemented by the exchange of individual staff for 1-12 months. The staff members return to their organisation after the secondment to ensure transfer of knowledge.

RISE – Research and Innovation Staff Exchange

- ✓ Strengthen the interaction between academic and non-academic organisations, and between Europe and third countries, through **research and innovation staff** exchanges
- ✓ International and inter-sector **transfer of knowledge** and sharing of ideas and of R&I culture
- ✓ At least **3 independent** participants in **3 different countries**
 - At least 2 participants from 2 different MS/AC (international)
 - If all in MS/AC: at least 1 academic and 1 non-academic
- ✓ Common **research and innovation project**
- ✓ Highly skilled research and innovation staff

RISE

Research and Innovation
Staff Exchange

RISE – Financial Dimension

Unit costs expressed in person-months

Seconded staff

Research, networking, training costs	1800* €	Staff member Top-up allowance	2000* €
Management and indirect costs	700* €		

- Funding rate of 100%

Participant Portal FAQ – Submission of proposals

National Contact Points (NCP)

Enterprise Europe Network – national contact points' advice to businesses with focus on SMEs. The support includes guidance on the EU research funding.

Research Enquiry Service – ask questions about any aspect of European research and EU R&I programmes

IT Helpdesk – contact the IT helpdesk for questions such as forgotten passwords, access rights and roles, technical aspects of submission of proposals, etc.

Ethics – for compliance with ethical issues, see the [Participant Portal](#) and [Science and Society Portal](#)

European IPR Helpdesk assists you on intellectual property issues

The European Charter for Researchers and the Code of Conduct for their recruitment

CEN and **CENELEC**, the European Standards Organisations, advise you how to tackle standardisation in your project proposal. Contact CEN-CENELEC Research Helpdesk at research@cencenelec.eu.

Partner Search Services help you find a partner organisation for your proposal

H2020 Online Manual your online guide on the procedures from proposal submission to managing your grant

Award Criteria

Excellence	Impact	Implementation
Quality, innovative aspects and credibility of the research (including inter/multidisciplinary aspects)	Enhancing research- and innovation-related human resources, skills and working conditions to realise the potential of individuals and to provide new career perspectives	Overall coherence and effectiveness of the work plan, including appropriateness of the allocation of tasks and resources
Clarity and quality of transfer of knowledge/training for the development of researcher in light of the research objectives	Effectiveness of the proposed measures for communication and results dissemination	Appropriateness of the management structures and procedures, including quality management and risk management
Quality of the supervision and the hosting arrangements		Appropriateness of the institutional environment (infrastructure)
Capacity of the researcher to reach or re-enforce a position of professional maturity in research		Competences, experience and complementarity of the participating organisations and institutional commitment
Weighting		
50%	30%	20%
Priority in case of <i>ex aequo</i>		
1	2	3

Horizon 2020

**European Union programme
for research and innovation
2014-2020**

- responding to the economic crisis to invest in jobs and growth
- addressing people's concerns about their livelihoods, safety and environment
- strengthening the EU's global position in research, innovation and technology

Responsible Research and Innovation

Open science (obligation)

Gender (always mention in proposal)

Ethics (always consider in proposal)

Public engagement (iterative and inclusive participatory multi-actor dialogues)

Science education

Outreach and communication

Outreach

- is an activity of providing information to populations who might not otherwise have access to this information
- explains the benefits of research to a larger public (the tax payers who fund your research) there is an engagement and a two-way communication between the researcher and the public
- includes school presentations, workshops, public talks and lab visits, etc.

Communication

- refers to articles in mainstream newspapers and magazines, or on TV and radio channels
- requires a clear language and attractive scientific subject with outstanding results that can catch the media's attention

Dissemination targets a scientific audience that may be interested in the research results

Some tips for IFs	Avoid
Work hard on the non-scientific parts!	Insuficient information on training and career needs
Do mention capabilities of the host to provide adequate training	Leaving unclear who will be responsible for the training activities and when they will take place
Do mention availability of mentors involved in providing support and guidance for the personal and professional development of the researcher.	Poorly describing non-scientific skills training, e.g. on research projects management and tutoring
Do mention transferrable skills , namely leadership ability, are insufficiently elaborated	Not mentioning possible disadvantages of using the envisaged methods and techniques.
Do mention practical arrangements for the implementation of the fellowship	Do not justified the prospects of reaching a position of professional maturity only in face of new scientific skills
Demonstrate an acceptable level of independent thinking and leadership qualities	Deliverables and the milestones do not offering a proper possibility of monitoring progress
If possible, provide new career perspectives	Poorly describing quality management and risk management
