Marie Skłodowska-Curie actions for every step of your career

Considering a doctoral degree?

Experienced researcher looking for international experience to boost your career?

Looking for partnerships between academic and non-academic organisations or staff exchanges?

Keen on outreach activities?

There is a Marie Skłodowska-Curie action for you!

Doctoral degrees

ITN
Innovative Training Networks
COFUND

Also for post-doctoral progammes

Post-doctoral Fellowships

IF
Individual Fellowships

Staff Exchange (managerial, technical)

RISE
Research and Innovation
Staff Exchange

Horizon 2020

European Union programme for research and innovation 2014-2020

Three priorities

- Excellent science
- Industrial leadership
- Societal challenges

- responding to the economic crisis to invest in jobs and growth

- addressing people's concerns about their livelihoods, safety and environment

- strengthening the EU's global position in research, innovation and technology

Marie Skłodowska-Curie actions

Included in pillar I of H2020: Excellent Science

Designed to support the researcher's career

Based on Mobility, cross-border *and* cross-sector

- Opportunities **to work and train** with the best researchers in Europe and worldwide

- Exchanges between academia/industry (*staff exchange)*

Respect the Charter & Code - European Charter for Researchers & Code of Conduct for the Recruitment of Researchers (key documents for HR in research)

In the framework of **Responsible Research and Innovation**

Marie Skłodowska-Curie actions

Aim: develop **new knowledge / enhance skills** of people behind **research and innovation** (training)

Operate in a 'bottom-up' basis , covering **all scientific domains**

Level of **involvement is proportional to the participant's needs**

Strong accent on **participation of industry, SMEs and non-academia** overall

Totally aligned with the objectives of H2020

What can be funded?

1) Organisational costs

Research, networking and training costs	Management and indirect costs

2) Costs of researchers and seconded staff

Living allowance or Top-up allowance	Mobility allowance	Family allowance

✓ **100% in ITN, IF and RISE**

✓ **50% in Co-funding for doctoral and fellowship programmes**

Innovative Training Networks

COFUND

Choose your level of involvement

Develop medium- to long-term collaborations around a common strategy

Focus on core business & short- to medium-term research agenda

Start getting involved

✓ Host secondments

✓ Provide specific training modules

✓ Recruit one or more researchers during their entire fellowship

✓ Build around a common research project

✓ Get co-funding for your doctoral or fellowship programme

✓ Gain and transfer knowledge/expertise through staff exchange

✓ Take part in shaping the training of researchers you would like to hire

✓ Develop a European Industrial Doctorate with academic partner(s) from another country

European Commission | *Education and Culture*

Innovative Training Networks (ITN)

✓ **Raise excellence** and **structure research and doctoral training**

✓ Train a new generation of **creative, entrepreneurial and innovative** **early-stage researchers**

✓ Trigger **cooperation and exchange of best practice** among participants

✓ **Enhance researchers' employability** and provide them with new career perspectives

✓ **Triple 'i' dimension** of mobility and particular **focus on innovation skills**

✓ **Budget: € 370 Million** in 2015 (EID: 25 Mio, EJD 28 Mio)

European Industrial Doctorates (EID)	European Training Networks (ETN)	European Joint Doctorates (EJD)

Innovative Training Networks (ITN)

Country 1

Non-academic

European Industrial Doctorates (EID)

Inter-sectoral partnerships for doctoral training

Minimum **2** partners from **2** MS or AC and from **differing** sectors

Minimum 50% of research time in non-academic sector
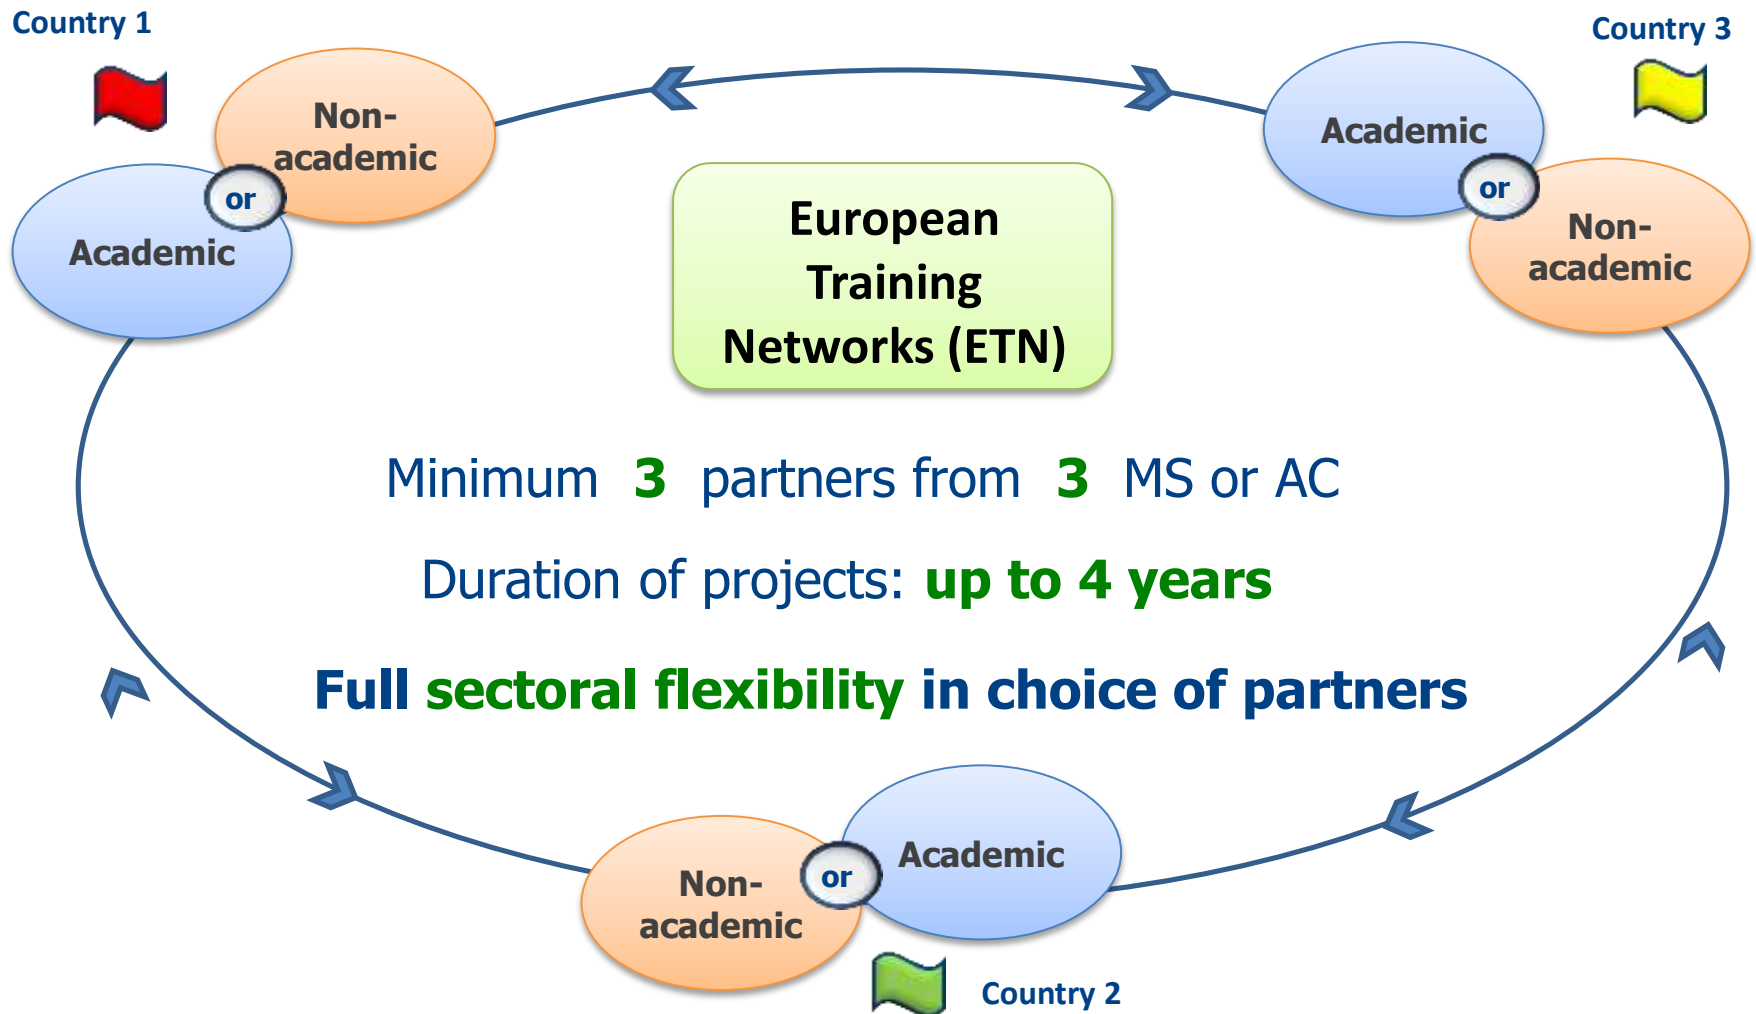

Separate selection panel

Academic

Country 2

Innovative Training Networks (ITN)

Country 1

Non-academic or **Academic**

European Training Networks (ETN)

Country 3

Academic or **Non-academic**

Minimum **3** partners from **3** MS or AC

Duration of projects: **up to 4 years**

Full sectoral flexibility in choice of partners

Non-academic or **Academic**

Country 2

Innovative Training Networks (ITN)

Country 1

Country 2

Academic

European Joint Doctorates (EJD)

Academic

Collaboration between **academic** organisations entitled to award doctoral degrees
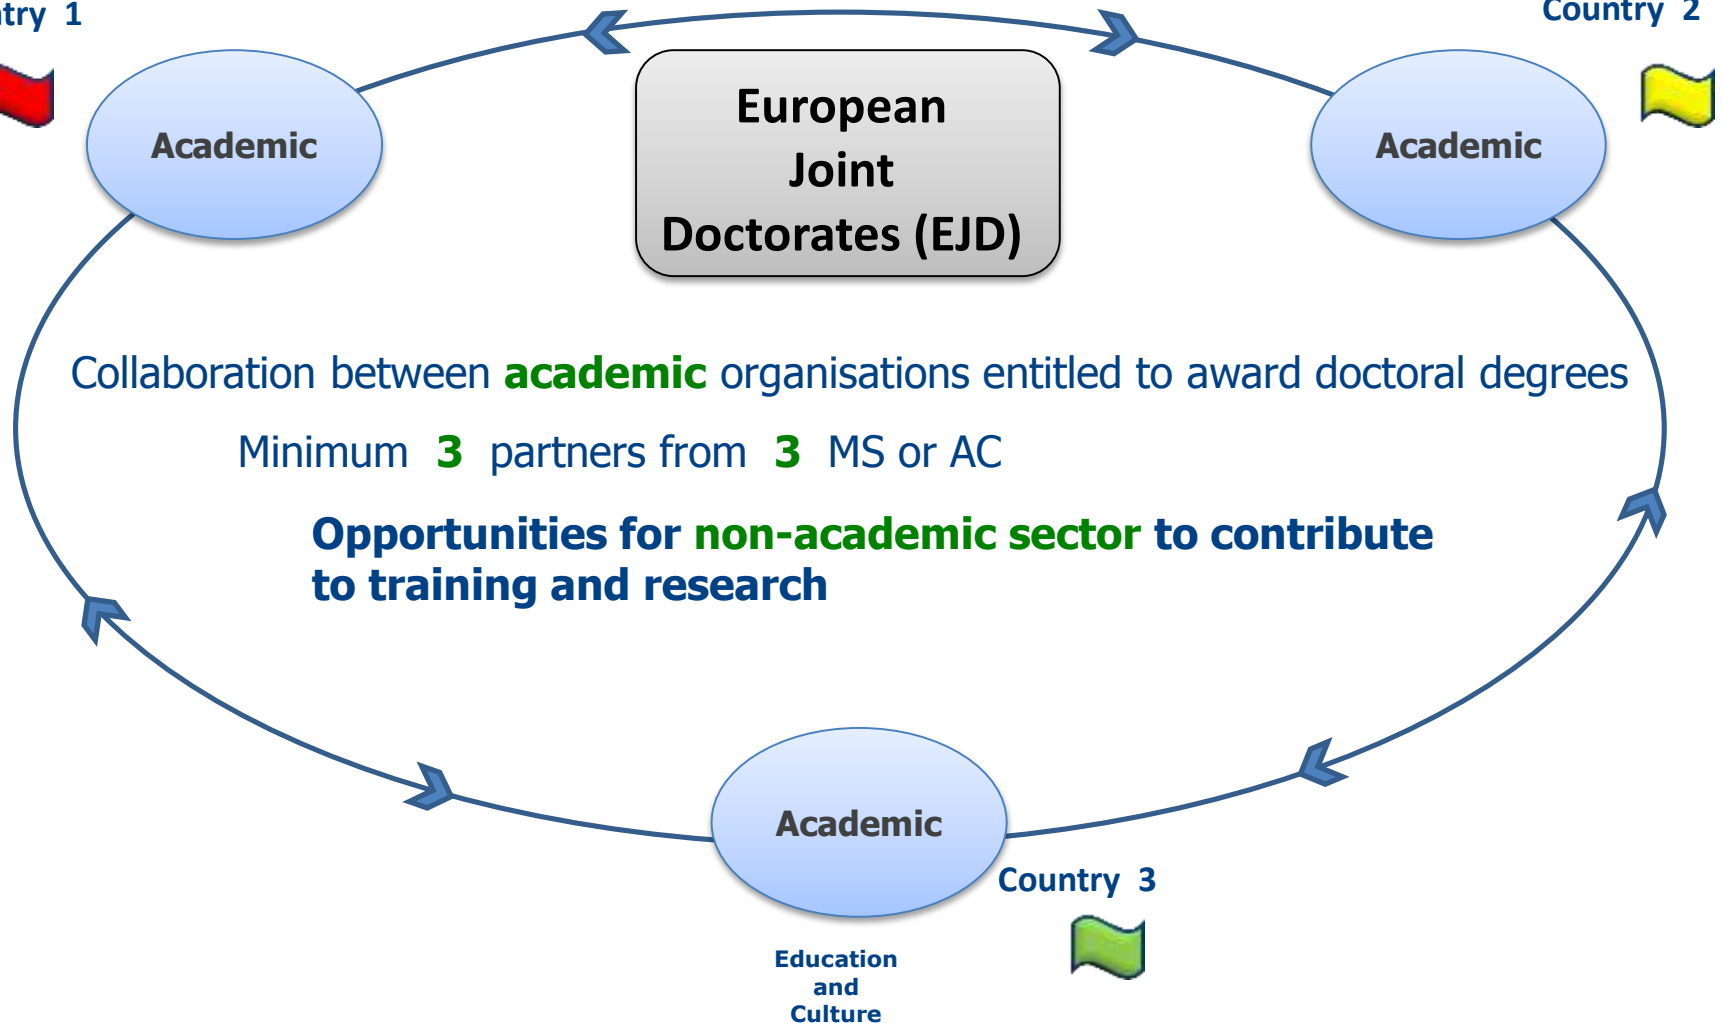

Minimum **3** partners from **3** MS or AC

**Opportunities for non-academic sector to contribute to training and research**

Academic

Country 3

Education and Culture

ITN – Financial Dimension

Unit costs expressed in person-months

ITN
Innovative Training Networks

Research, networking, training costs	**1800 €**
Management and indirect costs	**1200 €**

Living allowance*	**3110§ €**
Mobility allowance	**600§ €**
Family allowance	**500§ €**

- The living allowance base rate is multiplied by Country Correction Coefficient

§ Amount quoted is gross amount before deductions

Individual Fellowships (IF)

✓ enhance the creative and innovative potential of **experienced researchers**

✓ provide opportunities to **acquire new knowledge**, **work on research projects in a European context or outside Europe**

✓ catalyse significant **development in their careers** in both sectors

✓ **strengthen the network** of the researcher and the host organisation

✓ **Budget: € 218 Million** in 2016 (**Society and enterprise panel** of the European Fellowships MSCA-IF-EF-SE : **10 Mio**)

European Fellowships

| Career Restart Panel | Reintegration Panel | **Society and Enterprise Panel** |

Global Fellowships

(1)

(2)
Make your expression of interest for receiving an IF!

IF – Financial Dimension

Unit costs expressed in person-months

IF
Individual Fellowships

Research, networking, training costs	**800 €**
Management and indirect costs	**650 €**

Living allowance*	**4650§ €**
Mobility allowance	**600§ €**
Family allowance	**500§ €**

- The living allowance base rate is multiplied by Country Correction Coefficient

§ Amount quoted is gross amount before deductions

COFUND

- ✓ by co-funding new or existing regional, national, and international programmes
- ✓ Promote **international, intersectoral and interdicisplinary research training**, as well as transnational and cross-sector **mobility** of researchers at all stages of their career

- ✓ Mono-beneficiary: organisation funding or managing doctoral or post-   doctoral programmes
- ✓ **Leverage funding** and combat fragmentation (possible synergies with ESIF)
- ✓ **Spread MSCA best practices**

- ✓ **Budget: € 80 Million** in 2015 (Doctoral Programmes: 30 Mio)

Doctoral Programmes

Fellowship Programmes

ESR

ER

COFUND

COFUND

MSCA COFUND combined funding:

Option 1:
Applicant applies for ESIF infra-Structures/ Equipment BEFORE H2020 MSCA

Application for MSCA under H2020

Option 2:
Applicant applies at the same time for ESIF as for H2020

Eligible costs under H2020 MSCA are limited to part-management of funds and contribution to researchers' subsistence costs (unit costs). Applicants can therefore apply for non-eligible costs such as infrastructure/large equipment under ESIF (ERDF) or for training events, networking under ESF.

COFUND – Financial Dimension

Unit costs expressed in person-months
(co-funding rate of 50%)

Management costs	650* €

| Living allowance *Early-stage researchers*	3710* €
Living allowance *Experienced researchers*	5250* €

- co-funding rate of 50%

COFUND

RISE – Research and Innovation Staff Exchange

✓ Strengthen the interaction between academic and non-academic organisations, and between Europe and third countries, through research and innovation staff exchanges

✓ International and inter-sector **transfer of knowledge** and sharing of ideas and of R&I culture

✓ At least **3 independent** participants in **3 different countries**

- At least 2 participants from 2 different MS/AC (international)

- If all in MS/AC: at least 1 academic and 1 non-academic

✓ Common **research and innovation project**

✓ Highly skilled research and innovation staff
RISE
Research and Innovation
Staff Exchange

RISE – Financial Dimension

Unit costs expressed in person-months

Seconded staff

Research, networking, training costs	**1800* €**
Management and indirect costs	**700* €**

Staff member Top-up allowance	**2000* €**

- **Funding rate of 100%**

RISE
Research and Innovation
Staff Exchange
RISE – Research and Innovation Staff Exchange

Who applies?

Consortiums of host institutions with a minimum of 3 entities (check eligibility); 3rd countries, SMEs and other non-academic institutions all welcome

Who is hired/seconded?

Secondments of research, managerial or technical "staff"

How does it work?

A joint research and innovation project implemented by the exchange of individual staff for 1-12 months. The staff members return to their organisation after the secondment to ensure transfer of knowledge.

ITN – Innovative Training Networks

TOPICS: European Training Networks
European Industrial Doctorates
European Joint Doctorates

Who applies?
Consortiums of host institutions (check eligibility acordind to topic); SMEs and other non-academic institutions all welcome

Who is hired/seconded?
Early-stage researchers (Ph.D. students) are hired

How does it work?
Successful proposals from a network receive funding for up to 4 years to cover researcher allowances, as well as the cost of research, training and networking activities.

Individual Fellowships

Who applies?
One experienced researcher together with a host institution (of any sector, companies included)

Who is hired/seconded?
An experienced researcher is hired

How does it work?
Proposal submitted by researcher in liaison with host. Successful proposals receive up to 2 years' support (additional 1-year return phase in Global fellowships).

COFUND

Who applies?
Funding agency

Who is hired/seconded?
Ph.D. students (doctoral programs) or post-docs (postdoctoral programmes) are hired

How does it work?
Successful proposals from organisations that fund or manage a doctoral or a fellowship programme receive a fixed amount for each supported researcher as a contribution to the total costs.

NIGHT – European Researcher's Night

MSCA Calls 2016-2017

IF	12/04/2016 – 14/09/2016	EUR 218 million
	Society and enterprise panel of the European Fellowships MSCA-IF-EF-SE	**EUR 10 million**
COFUND	14/04/2016 – 29/09/2016	EUR 80 million
ITN	15/09/2016 – 10/01/2017	EUR 430 million

Award Criteria

Excellence	Impact	Implementation
Quality, innovative aspects and credibility of the research (including inter/multidisciplinary aspects)	Enhancing research- and innovation-related human resources, skills and working conditions to realise the potential of individuals and to provide new career perspectives	Overall coherence and effectiveness of the work plan, including appropriateness of the allocation of tasks and resources
Clarity and quality of transfer of knowledge/training for the development of researcher in light of the research objectives	Effectiveness of the proposed measures for communication and results dissemination	Appropriateness of the management structures and procedures, including quality management and risk management
Quality of the supervision and the hosting arrangements		Appropriateness of the institutional environment (infrastructure)
Capacity of the researcher to reach or re-enforce a position of professional maturity in research		Competences, experience and complementarity of the participating organisations and institutional commitment
Weighting		
50%	30%	20%
Priority in case of *ex aequo*		
1	2	3

Horizon 2020

European Union programme for research and innovation 2014-2020

- responding to the economic crisis to invest in jobs and growth

- addressing people's concerns about their livelihoods, safety and environment

- strengthening the EU's global position in research, innovation and technology

Responsible Research and Innovation

Open science (obligation)

Gender (always mention in proposal)

Ethics (always consider in proposal)

Public engagement (iterative and inclusive participatory multi-actor dialogues)

Science education

Outreach and communication

Outreach

- is an activity of providing information to populations who might not otherwise have access to this information

- explains the benefits of research to a larger public (the tax payers who fund your research) there is an engagement and a two-way communication between the researcher and the public

- includes school presentations, workshops, public talks and lab visits, etc.

Communication

- refers to articles in mainstream newspapers and magazines, or on TV and radio channels

- requires a clear language and attractive scientific subject with outstanding results that can catch the media's attention

Dissemination targets a scientific audience that may be interested in the research results

Some tips for IFs	Avoid
Work hard on the non-scientific parts!	Insuficient information on training and career needs
Do mention capabilities of the host to provide adequate training	Leaving unclear who will be responsible for the training activities and when they will take place
Do mention availability of mentors involved in providing support and guidance for the personal and professional development of the researcher.	Poorly describing non-scientific skills training, e.g. on research projects management and tutoring
Do mention transferrable skills, namely leadership ability, are insufficiently elaborated	Not mentioning possible disadvantages of using the envisaged methods and techniques.
Do mention practical arrangements for the implementation of the fellowship	Do not justified the prospects of reaching a position of professional maturity only in face of new scientific skills
Demonstrate an acceptable **level of independent thinking** and leadership qualities	Deliverables and the milestones do not offering a proper possibility of monitoring progress
If possible, provide new career perspectives	Poorly describing quality management and risk management
