Horizon 2020 Work Programme for Research & Innovation 2018-2020

€1,3 billion
Food security, sustainable agriculture and forestry,
marine, maritime and inland water research and the
bioeconomy

Alexia ROUBY – Research & Innov. Unit (B2)
European Commission – DG AGRI

This presentation does not engage the Commission,
please refer to the official documents.

Contents

- **Work programme 2018-2020 in general**
- **Work programme 2018-2020 for Societal Challenge 2 at a glance**
 - Challenges & policy context
 - Five priorities, goals, calls and impacts
 - Topic and budget contributions
 - Open innovation, science, open to the world
 - Cross-cutting dimensions
 - EIP-AGRI and the multi-actor approach
- **Three Societal Challenge 2 calls**
 - Sustainable food security
 - Blue growth
 - Rural renaissance
 - Thematic investment platform
- **A deeper look at focus areas**
- **Deadlines, tips & resources for applicants**

#InvestEUresearch

Horizon 2020 Work Programme for Research & Innovation 2018-2020

Work programme 2018-2020 (General)

Research and
Innovation

Work Programme 2018-2020

R & I investment of € 30 billion for 3 years

- **Addressing main concerns of citizens** such as security, migration and economic situation...
- **Focus on impact** (fewer & broader topics with sharpened impact statements, better dissemination of results, open access to data...)
- **Piloting new initiatives and flexibility for 2020**, with 'minimum' content of calls and other actions at this stage

HORIZON 2020 INDICATIVE CALLS BUDGET (2018-2020)

#InvestEUresearch

Horizon 2020 Work Programme for Research & Innovation 2018-2020

Work programme for Societal challenge 2 *At a glance*

Research and
Innovation

The policy context

- Global commitments

United Nations
Framework Convention on
Climate Change

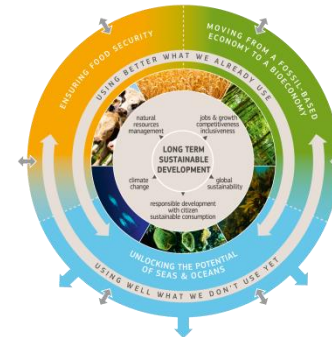

- European policies

CAP & EIP-AGRI

Climate & energy

Bioeconomy strategy

Circular economy

INVESTING IN THE BLUE ECONOMY
Unlocking the potential of the ocean to create jobs and boost the economy

If the ocean were a country, it would be the world's **SEVENTH LARGEST ECONOMY**.

The situation
The output of the ocean is an estimated **£1.3 trillion**, forecast to double by 2030. Around **350 million jobs** worldwide are linked to the ocean.

Integrated Maritime and common fisheries policies

Digital single market

The work programme at a glance: five priorities

- Address **climate change and resilience** on land and sea
- Make the transition towards a **circular bioeconomy**
- Foster **functional ecosystems, sustainable food systems, and healthy lifestyles**
- Boost major innovations on land and at sea leading to **new products, value chains and markets**
- Develop **smart, connected territories and value chains** in rural and coastal areas

What we aim to achieve: three goals

Manage our resources wisely to nourish people sustainably

Understand, preserve and valorise oceans

Develop smarter, greener, circular rural economies

Three Societal Challenge 2 Calls

**Sustainable
food security**

Blue Growth

**Rural
Renaissance**

**Circular
Bioeconomy
investment
platform**

Key impacts

Sustainable Food Security

- Dynamic & innovative food and farming sectors
- Resource & climate-smart eco-healthy food production and consumption

Blue Growth

- Productive, healthy, resilient seas and oceans.
- Sustainable aquatic resources for food and bio-based value chains
- Strong blue economy

Rural renaissance

- Sustainable growth based on circularity and connectedness
- Enhanced innovation systems
- Strong & attractive rural areas

Circular bioeconomy investment platform

- De-risking investments in innovative technologies fostering industrial, rural and coastal development

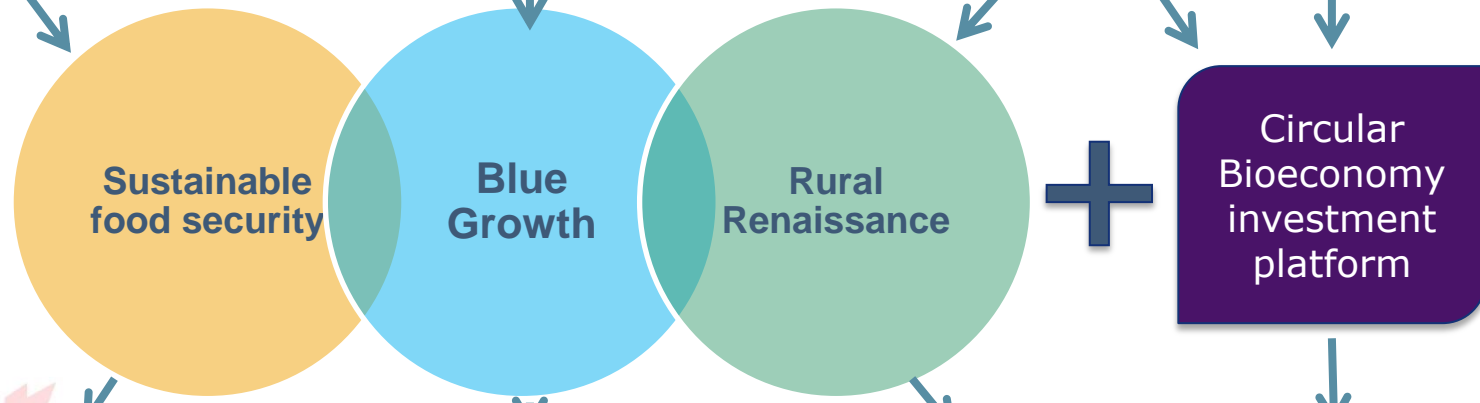

5 priorities

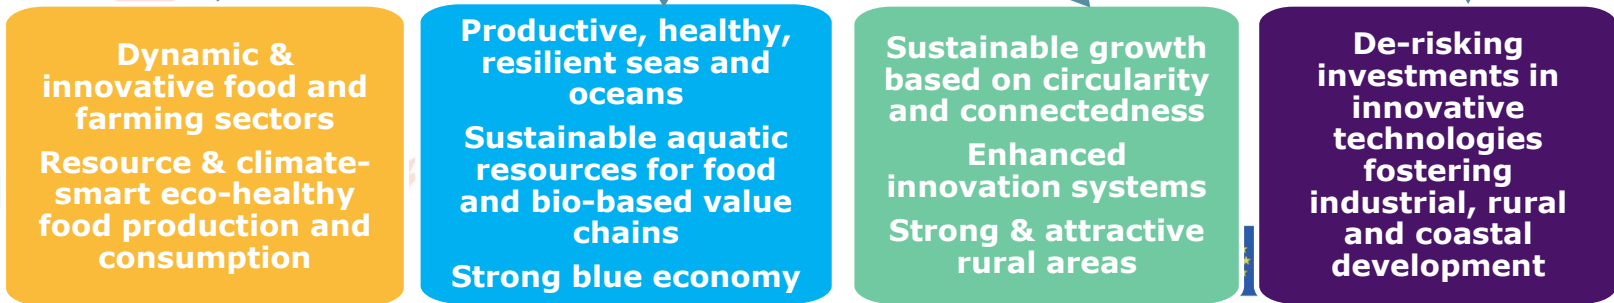

3 goals

3 calls + FI

Key impacts

Topic distribution & budget distribution between calls

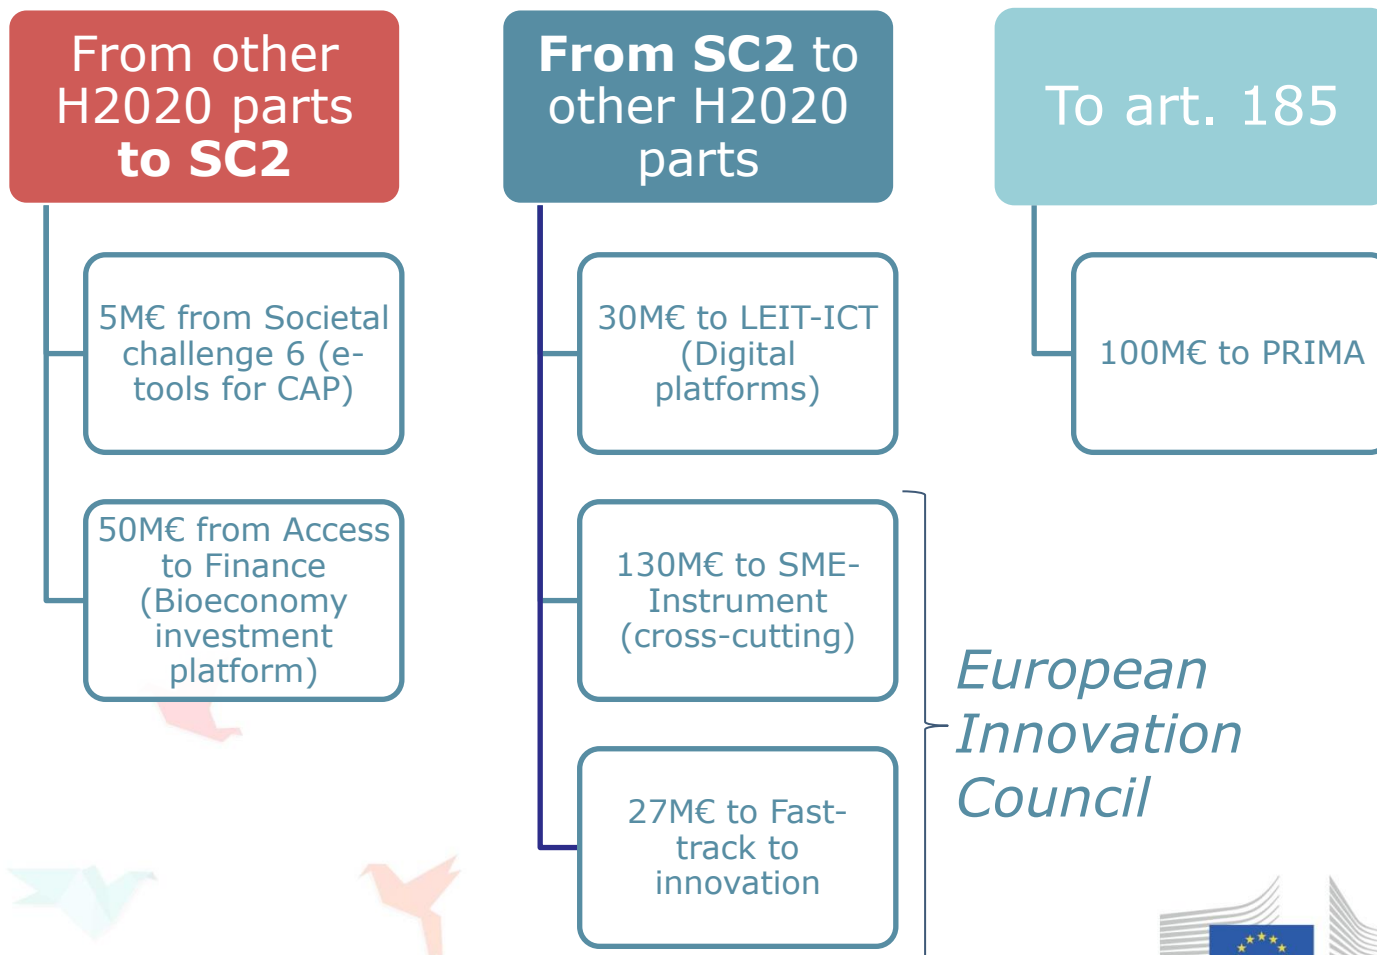

Topics - 2018-2020
(SC2 calls and other activities)

Budget - 2018-2020 (M€) - Total €1,3 Bn
(SC2 calls and other activities)

Budget contributions to and from other Horizon 2020 parts or R&I initiatives

A more strategic and focused approach

Evolution of SC2 calls budget and topic counts

Budget by type of action (M€)

Less topics, more budget
→ more projects per topic

Close to market actions with investment in new knowledge

Open innovation, open science, open to the world

- **Open innovation**

- **€157 mio** for **European Innovation Council** (SME, FTI, FET, Prizes)
- **€500 mio** for **multi-actor projects** (interactive innovation - EIP-AGRI)

- **Open science**

- Research data sharing **by default** (with possibility to opt out)
- **Open science clouds**: Food cloud demonstrators (10M€) & Blue cloud services (6M€)

- **Open to the world**

- **89M€** on **EU-AFRICA** partnership on Food and Nutrition Security and Sustainable Agriculture (11 projects): food systems, sustainable intensification and income diversification
- **23M€** on **EU-CHINA** (5 projects): food safety, soil management and bio-based fertilisers
- **64M€** on **"All Atlantic Ocean Research Alliance"** (8 projects): coordination, marine ecosystems and new value chains
- **100M€** (out of 220M€) on **PRIMA – Partnership for R&I in the Mediterranean Area**

Cross-cutting elements

- **A strong commitment to Responsible Research and Innovation**
 - 31 topics under **multi-actor approach** (500M€ - over 80 grants)
 - 27 topics with strong **public engagement** requirement
 - 2 topics with a **gender** dimension
- **A wide space for Social Sciences and Humanities**
 - **55 topics flagged for SSH (75%)**
- **Key contributions to global goals (Rio-markers)**
 - **Climate**
 - **Sustainable development**
 - **Biodiversity**

CAP /Rural development (regional/national level)

Funding for:
OG preparation
OG projects
Innovation support services

**Unique EU knowledge repository
of contacts and practice abstracts**

(European projects)

- **Research projects**
- **Multi-actor projects and thematic networks**
(interactive innovation)

Involvement of OGs is strongly recommended

EIP-AGRI – Where are we?

- 27 Member States, **98 rural development programmes implementing the EIP**
- Around 3 200 OGs planned in 2014-2020. **Over 400 OGs already running**
- **61 H2020 multi-actor projects ongoing, including 17 thematic networks**
- **A growing and thriving Network**

An increasing volume of practice-oriented knowledge !

- Thematic Networks
- Multi-Actor Projects

My EIP-AGRI

Thematic Networks

Thematic networks are multi-actor projects which collect existing knowledge and best practices on a given theme to make it available in easily understandable formats for end-users such as farmers, foresters, and advisors. All Thematic Network information available here.

Welcome to My EIP-AGRI

This is an on-line resource developed to support your information/guidance needs. Simply select the type of project you are involved or interested in to access your portal to all the information you need.

<https://ec.europa.eu/eip/agriculture/en/my-eip-agri>
<https://ec.europa.eu/eip/agriculture/en/my-eip-agri/operational-groups>

Operational groups: what are they working on?

Operational Groups

Growing protein crops to optimise livestock farms' profits

Operational Group SOS Protein-TERUnic in the west of France is increasing the protein in their animal feed, while remaining profitable

Pooling funding streams to boost interactive innovation

The multi-actor approach under WP2018-2020

Key points

- The project must respond to real needs of those on the ground
- Adequate choice of actors with complementary knowledge
- Genuine & sufficient involvement of actors all along the project
- Produce practical knowledge easily accessible, understandable and applicable
- Dissemination at minimum through Agri EIP with practice abstracts

[Brochure](#)

The EIP common format & practice abstracts

- set of basic elements characterising the project includes one (or more) "practice abstract"(s)
- Two main objectives:
 - enable contacting partners and exchange knowledge
 - disseminate results to practitioners in a concise and easy understandable way
- Can be used to provide information all along the life-cycle of the project:
 - Start: explain what you are going to do
 - Mid-term: update
 - End: disseminate results
- Counts as a "deliverable"

European Commission > EIP-AGRI > EIP-AGRI common format

EIP-AGRI common format

The interactive innovation approach under the European Innovation Partnership Agricultural Productivity and Sustainability (EIP-AGRI) fosters the development of demand-driven innovation, turning creative new ideas into practical applications thanks to interactions between partners, the sharing of knowledge and effective intermediation and dissemination.

Read more about the EIP-AGRI Common format for interactive innovation projects
Click here to Complete the EIP-AGRI Common format for interactive innovation projects

The EIP common format consists of a set of basic elements characterising the project and includes one (or more) "practice abstract"(s). The format was developed with two main objectives:

1. to enable contacting partners and incentivise efficient knowledge exchange, and
2. to disseminate the results of the project in a concise and easy understandable way to practitioners.

The common format allows providing information all along the life-cycle of the project. The content of the common format can be updated at any moment when useful, for instance in an intermediate phase of the project. Project information should at least be available at the beginning (describing the situation at the start of the project, including project title and objectives) and at the end of the project (describing the results/recommendations resulting from the project, including a final project report and one or more practice abstracts).

Horizon 2020 Work Programme for Research & Innovation 2018-2020

Societal challenge 2 Calls

Horizon
2020

Sustainable Food Security

€ 753 million to use our resources more wisely
and nourish people more sustainably

Produce more **diverse and healthier food** from well-managed functional ecosystems

Increase resource **efficiency and environmental performance** of food systems

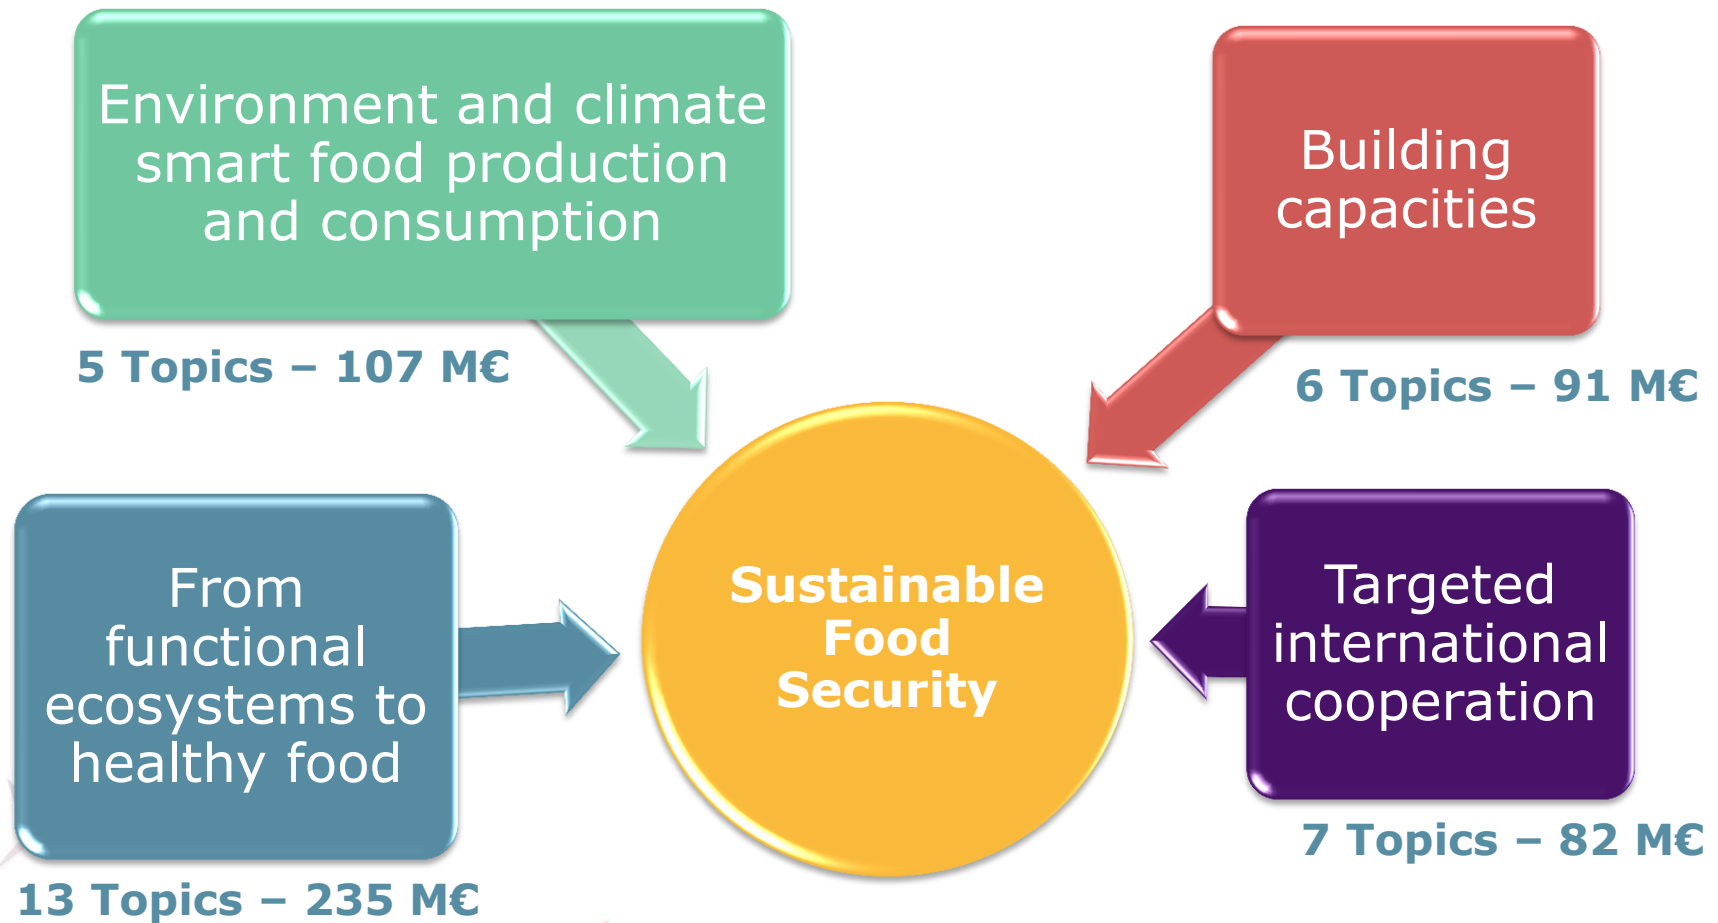

Understand the impact of climate change and design **adaptation strategies**

Going global: joint actions with Africa and China

Sustainable food security – 515M€ (2018-2019)

Type of actions :
RIA, IA, CSA, EJP, ERANET

Sustainable food security topics (2018-2019)

From functional ecosystems to healthy food

- Biodiversity in action
- Microbiome
- Integrated health approaches
- IPM
- Healthy beekeeping
- Animal welfare
- Anti-microbials and animal production
- African Swine fever
- Personalised nutrition
- Plant breeding
- Healthy sust. food
- Alternative proteins

13 topics – 235 M€

Environment/ Climate-smart Food production and consumption

- Climate-smart farming
- EJP soils
- Integrated water management
- Citizen-driven food system approaches in cities
- Valorising urban biowaste

5 topics – 107 M€

Building capacities

- Food cloud
- Monitoring R&I investments
- GenRes & pre-breeding
- Plant-variety testing
- Agri-Aqua labs
- ERANETs

6 topics – 91 M€

Targeted international cooperation

- Microbiome coordination and IBF
- EU-Africa
 - ✓ Support FNSSA implementation
 - ✓ Food systems
 - ✓ Sustainable intensification
- EU-China
 - ✓ Food safety controls
 - ✓ Soils management
 - ✓ Fertilisers from biogas digestate

7 topics – 82 M€

Blue Growth 2018-2019

€ 166,5 million to sustainably harvest the potential of aquatic and marine resources, while protecting biodiversity and enhancing climate resilience

Improve knowledge on impact of **climate change** on marine ecosystems and biological resources to effectively manage their response, mitigation and resilience capacities

Preserve and sustainably exploit **marine and coastal ecosystems** and biological resources to deliver improved **nutrition and health**

De-risk investments and boost blue innovations to develop new bio-based **marine value chains** and open up new markets

Develop smart and connected territories between **land and sea**

Strengthen **international cooperation**, to promote a globally sustainable blue economy

Blue Growth topics (2018-2019)

Climate-Ocean

- Blue Bioeconomy PPP (BG-02, 8 M€)
- The Future of Seas and Oceans Flagship Initiative (BG-07, 18 M€)

2 topics – 26 M€

Sustainable food chains

- Sustainable harvesting of marine biological resources (BG-03, 12 M€)
- Sustainable European aquaculture 4.0: nutrition and breeding (BG-04, 24 M€)

2 topics – 36 M€

De-risking Investments

- Multi-use of the marine space, offshore and near-shore: pilot demonstrators (BG-05, 18 M€)

1 topic – 18 M€

Land-Sea Connection

- Sustainable solutions for bio-based plastics on land and sea (BG-06, 18 M€)

1 topic – 18 M€

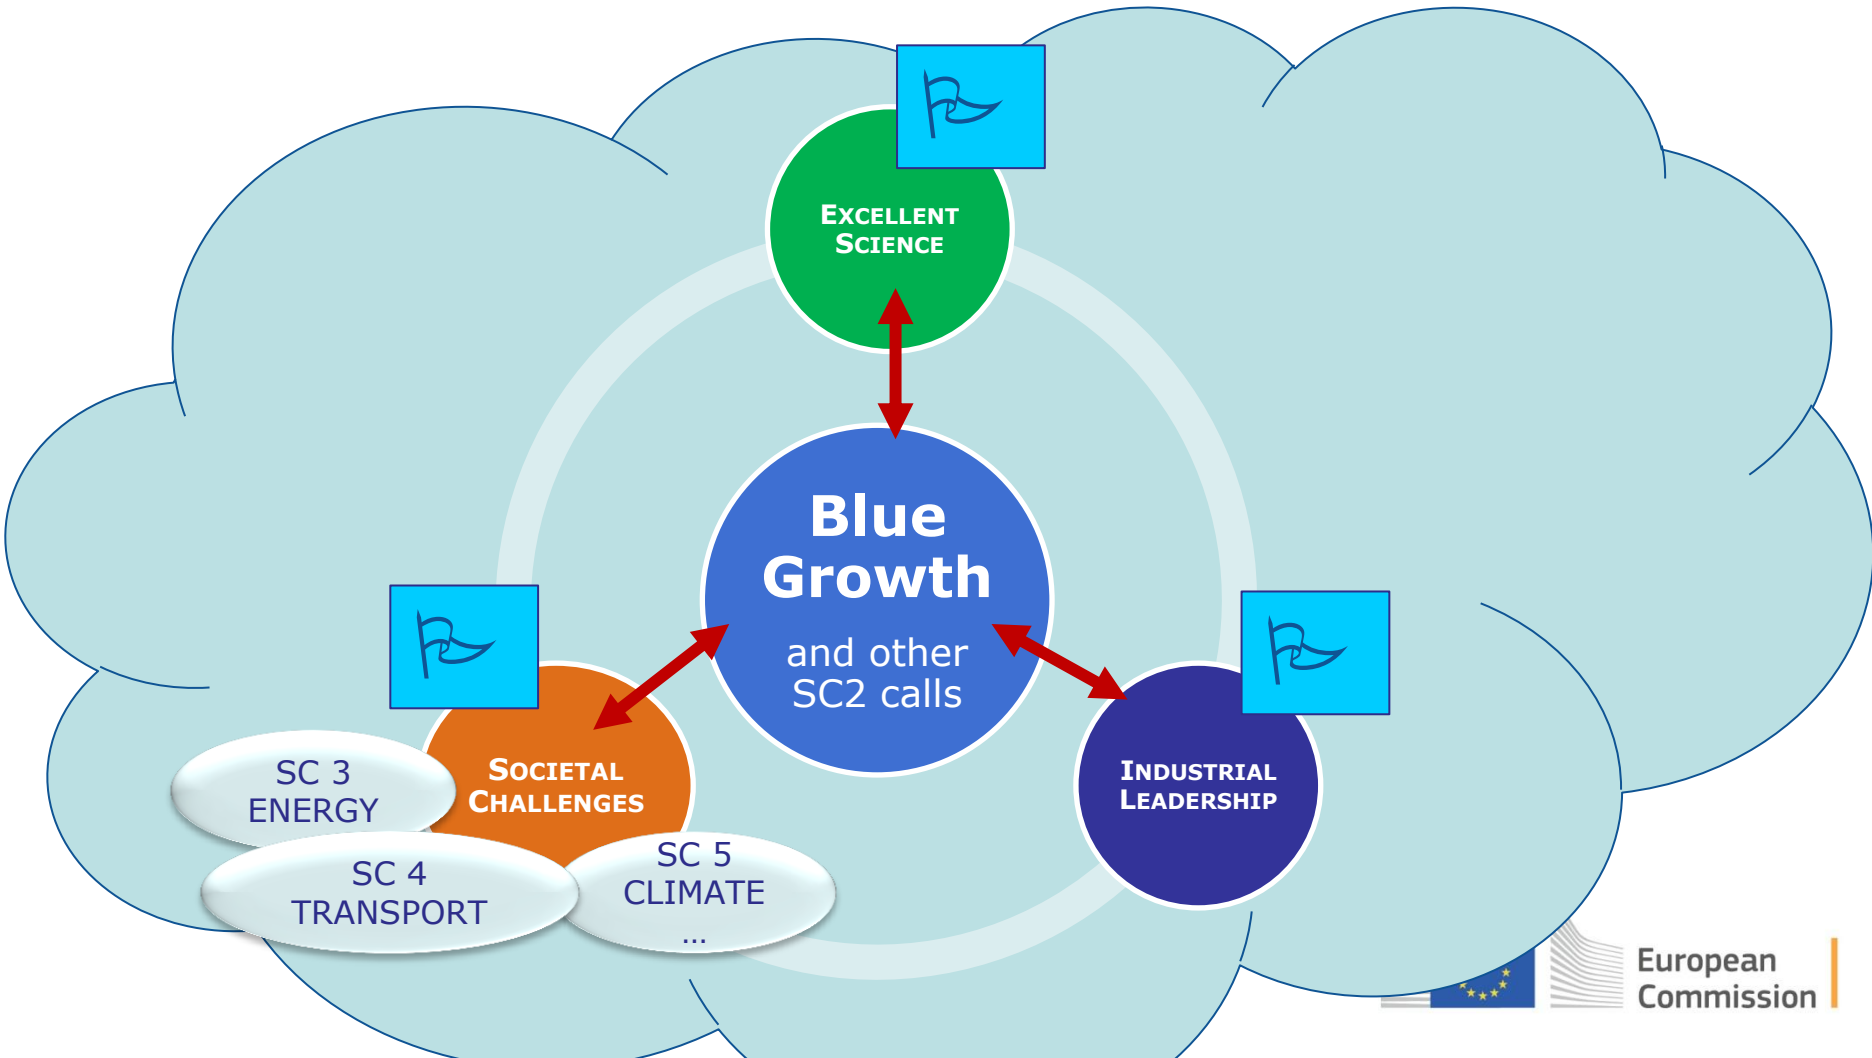

International cooperation

- Towards a Baltic and North Sea research and innovation programme (BG-01, 2.5 M€)
- All Atlantic Ocean Research Alliance Flagship (BG-08, 64 M€)
- Coordination of marine and maritime research and innovation in the Black Sea (BG-09, 2 M€)

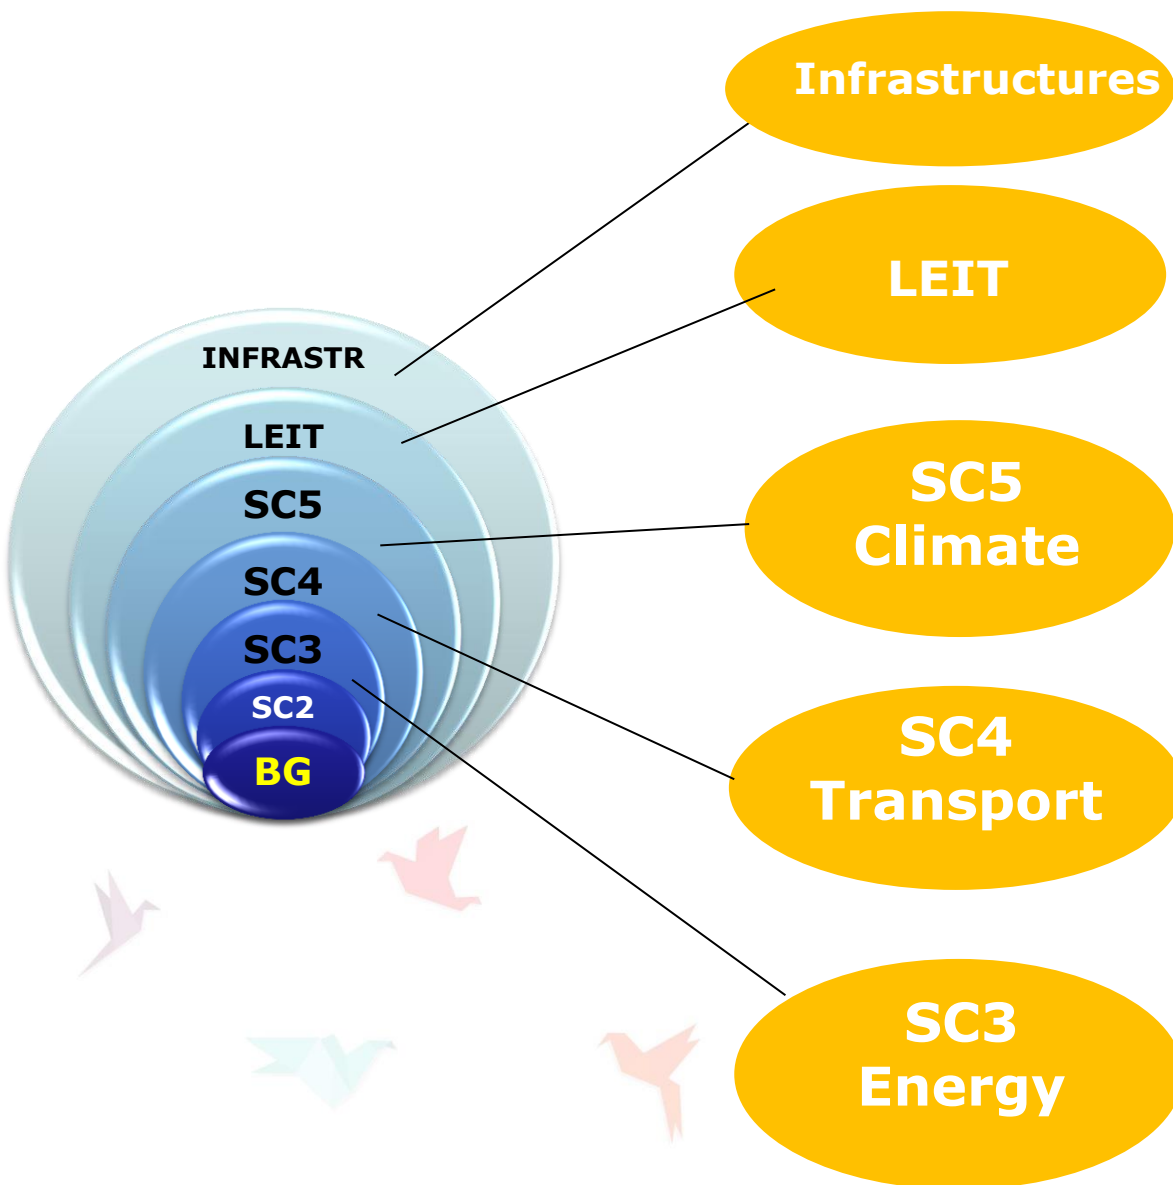

3 topics – 68,5 M€

Blue Growth across Horizon 2020

A strategic coordinated approach for marine and maritime research across all Horizon 2020 parts (250M€/year)

Blue Growth related topics beyond SC2

EXAMPLES

• **Research Vessels**

- **SPACE – Copernicus Marine Services, ocean models**
- **NMBP: off-shore energy materials**

- **recovery of sea resources**
- **sea level changes**
- **ice-core drilling**

- **ships emissions**
- **Unmanned & autonomous activities**
- **maritime transport safety**

- **wave energy**
- **offshore wind**
- **renewable energy technologies**

Rural renaissance

€ 263 million for rural territories to become smarter, greener, more circular and better connected

Invest in policies fit for the future:

Modernizing policies to favour generation renewal and greater resilience and public goods delivery

Invest in businesses:

Developing small scale refineries, boosting regional bioeconomy and innovative supply chains

Go digital:

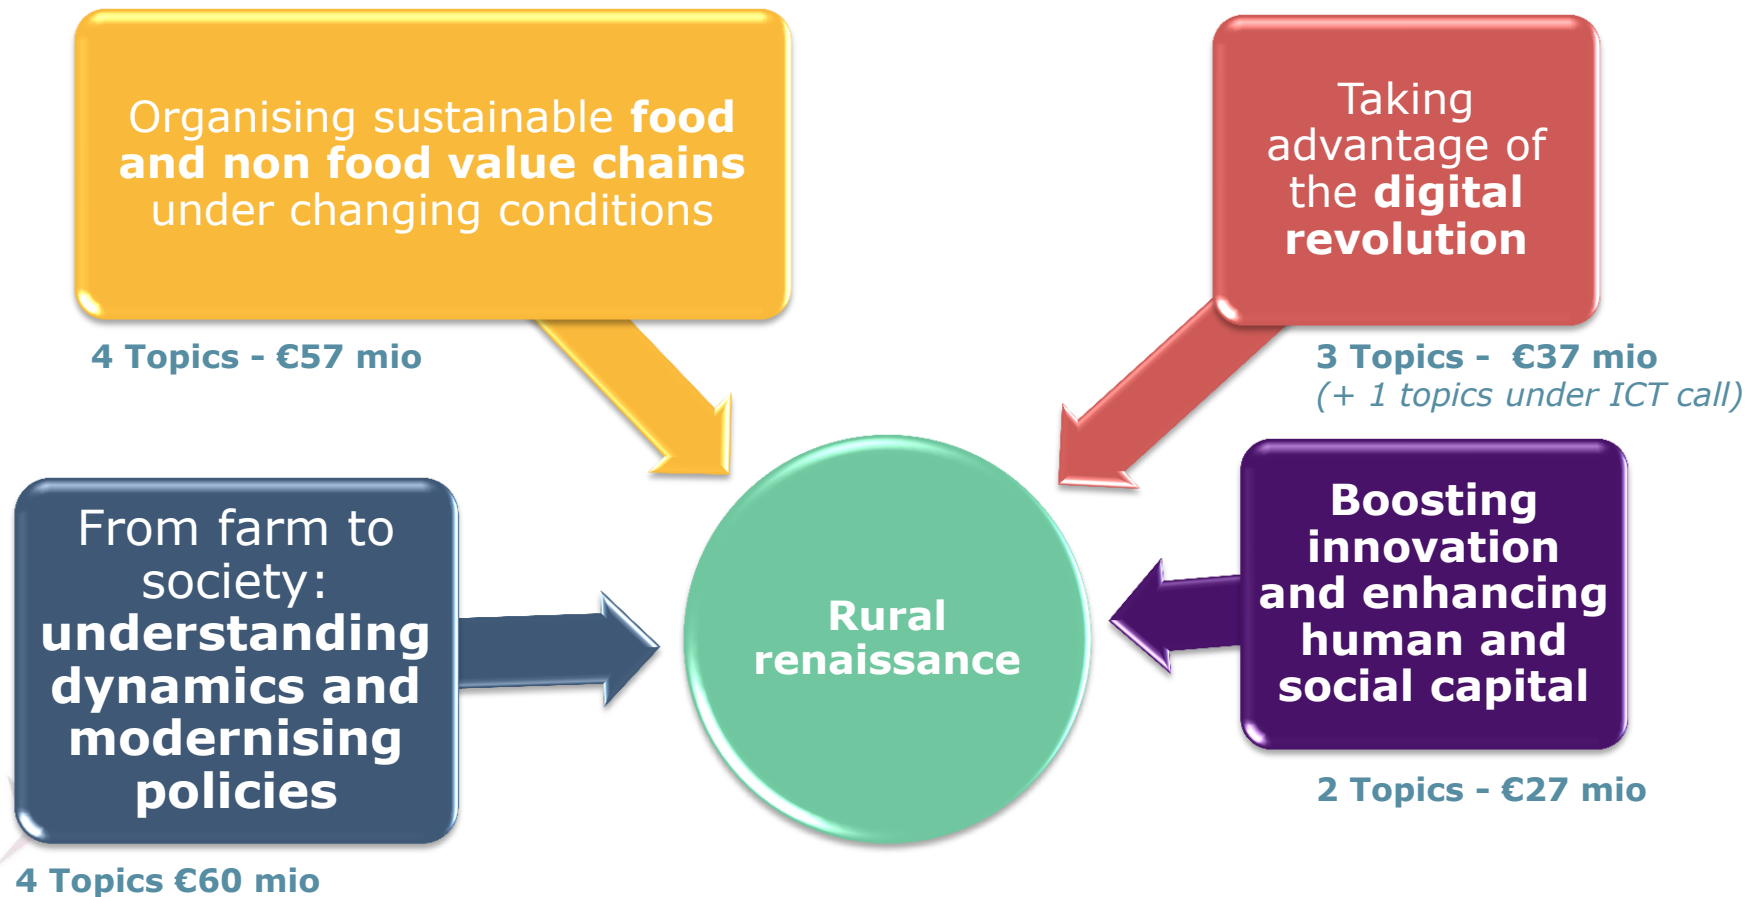

Making the promises of the digital revolution come true for farmers and rural people

Invest in people:

Boost innovation, co-creation and exploitation of knowledge by improving skills and innovation systems

Rural renaissance – 181M€ (2018-2019)

Type of actions :
RIA, IA, CSA

Rural renaissance topics (2018-2019)

Dynamics & policies

- **Modern policies from long-term visions & societal engagement:**
 - ✓ Science-policy-society hub
 - ✓ Generation renewal
 - ✓ Mountain value chains and climate change
- **Socio-economic impacts of digitisation**
- **Contracts for effective agro-environment delivery inc:**
 - Land tenure
 - Result-based policies
 - Collective delivery
- **Analytical tools and models**
 - ✓ New models for policy
 - ✓ Modelling trade

4 topics – 60 M€

Food & non-food Value chains

- **Closing nutrient cycles:**
 - ✓ Properties and impacts of biofertilisers
 - ✓ Bio-based fertilisers from manure
 - ✓ Bio-based fertilisers from other by products
- **Regional and local bio-based economies**
- **Circular bio-based business models for rural communities**
- **Sustainable wood value chains**
 - ✓ Building with wood
 - ✓ Resilient forest systems

4 topics – 57 M€

Taking advantage of the digital revolution

- **Digital innovation hubs for agriculture**
- **Preparing advisors for the digital age**
- **Digital solutions and e-tools to modernise the CAP**

3 topics – 37 M€

- + UNDER LEIT-ICT call
- **Agricultural cross-cutting integration platforms**

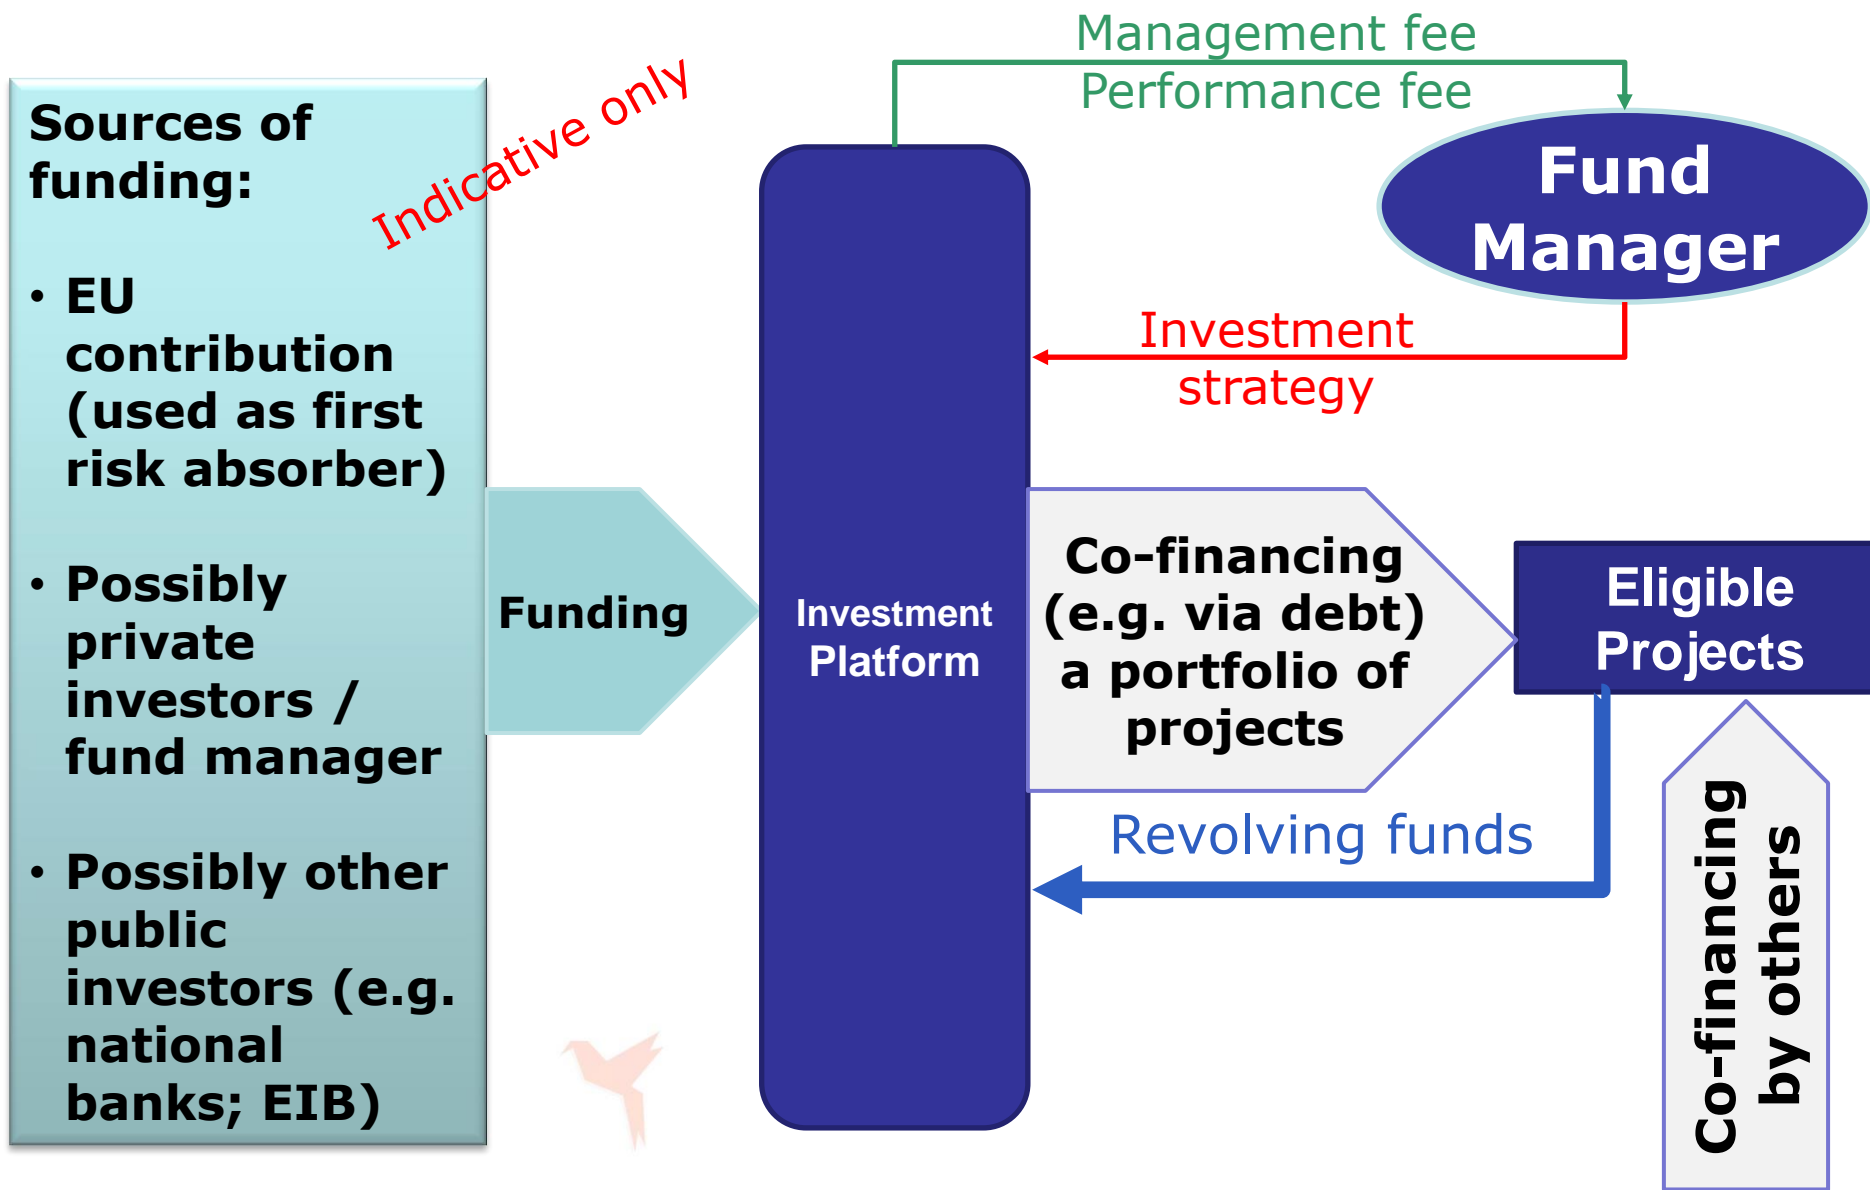

1 ICT topics – 15 M€

RUR+ICT:
4 topics – 52 M€

Innovation and human capital

- **Thematic networks compiling knowledge ready for practice**
- **Fuelling the potential of advisors for innovation**

2 topics – 27 M€

#InvestEUresearch

Horizon 2020 Work Programme for Research & Innovation 2018-2020

Focus areas & European Innovation Council Pilot

Research and
Innovation

Focus Areas and other cross-cutting priorities

€ 7 billion for 4 mutually reinforcing focus areas

- aligned to political priorities
- expected to have exceptional impact
- implemented through 'virtual calls cutting across the programme (description in 'General Introduction', common call identifier of contributing calls and topics)

Further cross-cutting priorities

- **Migration (€ 200M)**
- **Batteries (€ 100M + € 100M to come)**
- **Blue Growth, Cities**

Focus Area 'Building a low-carbon, climate resilient future' (LC)

© laserdesign - Fotolia.com

#164719638

Contributing to implement the **Paris Agreement**:

- **Accelerate transformation** towards carbon neutrality through **clean technologies**
- Enhance **climate resilience in Europe and beyond**
- Contribute to **long-term mitigation and adaptation policy planning**

€ 3.3 bn

SC2 Contribution: 203M€ (Plants, proteins, climate-smart farming, soils, food systems, marine resources, wood value chains)

Focus Area 'Connecting economic and environmental gains – the Circular Economy' (CE)

Supporting the **circular economy policy**:

- Ensure that **growth no longer requires increasing consumption of resources, energy, water and primary raw materials**
- **Reduce waste**, including from plastics
- Create **new business opportunities** and safeguard **competitive advantages**

€ 940 m

SC2 Contribution: 253M€ (Urban food systems, biowaste valorisation, bio-based plastics and fertilisers, bio-based models for rural communities)

Focus Area 'Digitising and transforming European industry and services' (DT)

© chombosan - Fotolia.com

#130648762

Enhancing the benefits from the **Digital Single Market Strategy**:

Foster **uptake** of digital technologies and innovations & **synergies** with other key enabling technologies through

- **Cross-sectorial digital platforms and large scale pilots** for co-creation with users (e.g. personalised health, ICT solutions for agriculture, automated driving, inclusive public services)
- **Innovation hubs**

€ 1.7 bn

SC2 Contribution: 107M€ (Personalised nutrition, Blue and food clouds, Aquaculture 4.0, Digital innovation hubs)

European Innovation Council (EIC) Pilot (1)

Objective: Strengthen breakthrough innovations and boost the number of high-growth companies

Focus on people and companies with ideas for :

- **Radically new**, breakthrough products, services, processes or business models
- That **open up new markets** with the potential for rapid **European and global-scale growth** (high risk, need for significant investment)
- Take shape at the **intersection** between different technologies, industry sectors and scientific disciplines

European Innovation Council (EIC) Pilot (2)

Brings together, adapts and aligns innovation schemes addressing different communities in a bottom-up approach:

- **SME Instrument:** close-to-market projects of single SME or a consortium of SMEs (new: non-thematic, focus on cross-disciplinarity, revised evaluation criteria; face-to-face interviews in Phase 2)
- **Fast Track to Innovation (FTI):** close-to-market projects of consortia with industry participation (new: revised evaluation criteria)
- **FET Open:** early stage research by consortia exploring novel ideas for radically new future technologies
- **Six EIC Horizon Prizes** for breakthrough innovations bringing major benefits to society
- **Cross-cutting:** coaching, mentoring (for SME beneficiaries), monitoring progress with innovation radar

Total Budget: € 2.7 billion

SC2 contribution: 157 M€ (SME, FTI)

#InvestEUresearch

Horizon 2020 Work Programme for Research & Innovation 2018-2020

Deadlines, tips & resources

Horizon
2020

Call deadlines

Opening	Submission procedure	Stage	Deadline	Info to applicants	Grant Agreements
31 Oct. 2017	single stage	Single stage	13 Feb. 2018	June 2018	Oct. 2018
	2-stages	1 st stage	13 Feb. 2018	May 2018	-
		2 nd stage	11 Sept. 2018	Nov. 2018	May 2019

Some tips on how to succeed

- **Start on time**
- **Choose your partners well** - Check for **eligibility**
- **Avoid “recycling”** of former projects or project partners which do not have a specific contribution to the topic
- **Read the evaluation criteria** – imagine what the evaluator will think
- Excellent science is not enough: consider **all the criteria (& sub-criteria)**
- **Impact matters as much as excellence!** → **Check the expected impacts and scope of the topic in detail**
- **Write clearly and concisely (page limits)** - ask someone impartial to proof-read
- **Be coherent!** Make sure that the chosen objectives are coherent with the foreseen activities, the competence of partners and the budget per activity.
- **Is your project good value for money?** Make sure the cost/benefit ratio is sound. Keep in mind that all costs should be reasonable in the light of the foreseen outcomes.

Some tips on communication & dissemination

- Communication and dissemination activities each have a specific scope.
- Together they ensure that project results are widely known and used by those interested, including **policy makers**.
- They also ensure that project results are **aligned with the needs of users**.
- Ensuring **uptake of project results** enhances the added value of research and innovation funding and means that the newly generated knowledge does not just stay on a dusty shelf.
- The **dissemination & exploitation plan is mandatory** for your project and will help evaluators assess the potential impact of the project.
- Communication and dissemination about the project and its results should **start as soon as possible** and be adapted throughout the project's lifetime.
- Consider including the **right skills for communication and dissemination in the project consortium** from the start.

Resources, guidance and tools

- **Useful pages and documents**

- Horizon 2020 [online manual](#)
- [Reference documents](#) : work programmes, legal and guidance documents
- [Frequently asked questions](#) (FAQ) on participant portal
- [IT Helpdesk](#) for questions about the Participant Portal tools and processes
- [How to manage data](#): open data, open access, data management plans
- [Communication](#) and [dissemination](#): [what's the difference?](#)

- **You have a specific question?**

- Contact your [National Contact Point](#) or the Horizon 2020 [helpdesk](#) for guidance, practical information and assistance on all aspects of participation in Horizon 2020.

EIP-AGRI Brochure

*With also elements on SSH,
Engagement etc.*

InfoWeek on Societal challenge 2 (14-17/11/2017)

- **Infoday** recordings and presentations for:

- Calls
- Tips and hints
- Topics

- **Wider policy background:**

- Bioeconomy policy day
- Digitising agriculture and food value chains
- Blue Growth and R&I

Thank you!
