SMART-TO-DO

Boas práticas que promovem a qualidade de vida no envelhecimento

O AGEING SUMMIT 2018 promove as smart to-do, boas práticas que promovem a qualidade de vida no envelhecimento. A iniciativa decorre em estreita colaboração com o Consórcio Porto4Ageing e a Universidade do Porto, que apoiam cientificamente a 1.ª Edição do AGEING SUMMIT.

As smart to-do têm como objetivos a identificação, divulgação e promoção de Práticas inovadoras (Programas, Projetos, Iniciativas) que promovem a qualidade de vida no envelhecimento na Região Norte de Portugal.

Knowledge and Innovation Communities (KICs)

The EIT's KICs (Innovation Communities) are partnerships that bring together businesses, research centres and universities. They allow:

- innovative products and services to be developed in every area imaginable, including climate change, healthy living and active ageing
- new companies to be started
- a new generation of entrepreneurs to be trained

EIT Climate-KIC: addressing climate change mitigation and adaptation

EIT Digital: addressing Information and Communication Technologies

EIT Food: putting Europe at the center of a global revolution in food innovation and production

EIT Health: **addressing healthy living and active ageing**

EIT InnoEnergy: addressing sustainable energy

EIT Raw Materials: addressing sustainable exploration, extraction, processing, recycling and substitution

EIT Health Co-location Centres

EIT Health has formed six Co-location Centres across Europe, with Headquarters based in Munich:

- London (UK/Ireland)
- Stockholm (Scandinavia)
- Barcelona (Spain)
- Paris (France)
- Heidelberg (Germany)
- Rotterdam (Belgium-Netherlands)

EIT Health also includes 92 associate partners and 6 "InnoStars" regions in Wales, Portugal, Poland, Hungary, Italy and Croatia.
